Bomber shown with Pro-Line 2" & 4" Super-Bright LED Bars,
BFGoodrich® KO2 2.2" Tires Mounted on 6 Lug FaultLine Wheels.

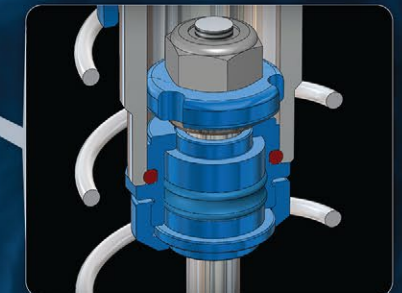

THE ULTIMATE SCALE PERFORMANCE

ULTRA RESERVOIR SHOCKS [105mm]
for Rock Racers & Crawlers Front or Rear
#6288-00

The new Ultra Reservoir Shocks feature a fully functioning reservoir with a realistic divider piston and set screw for adjusting the shock rebound.

The Aluminum Shock Cap, Shock Body, Reservoir, Bottom Caps, Spring Perch, Shock End and Steel Shock Shaft have all been CNC machined to exacting tolerances to achieve the highest quality shock imaginable and have been designed with Scale Realism in mind.

X-Ring seals are used for both the main shaft seal and the divider piston for the smoothest and lowest friction seal possible for these 9mm Bore Shocks.

The Ultra Reservoir Shocks feature Dual Rate Springs and these shocks come with an extra collar so you can adjust exactly where the dual rate springs transitions to single rate, similar to full scale shocks!

ALL-TERRAIN T/A KO2 G8 •
